

Tiara Pujilestari

FRONT-END DEVELOPER / WEB ENGINEER

ABOUT ME

Entry-level Front-End & Web Developer with a Bachelor's degree in Informatics Engineering, currently expanding into fullstack development. Hands-on experience building responsive interfaces with React, TypeScript, and Tailwind CSS, plus back-end work with Node.js, Prisma, and PostgreSQL. Brings real-world QA experience — bug tracking and regression testing — with strong attention to detail.
